“DreamingBear is the poet of the new paradigm. His powerful language of peace, love, and harmony with nature will play a powerful role in the birth of the higher consciousness sweeping the planet.”~Harold Bloomfield, M.D., author of nineteen books including the New York Times best-seller "How to Survive the Loss of a Love"

Dear Media Contact,

Did you know that there is enough untapped knowledge, aka latent potential, residing in your body to recreate an entire universe? Drawing from this infinite resource abundant in our cells, award-winning spoken word artist DreamingBear Baraka Kanaan believes we truly have the capability to co-create a global community thriving on the foundation of peace and harmony with nature. Through his playful and potent love spells, DreamingBear boldly seeks to awaken that sleeping giant of greatness within us and ignite a “Loveevolution” with the intention that our generation can rise into its fullest potential.

The foundation for DreamingBear’s work stems from his personal experience of re-attunement with nature where he furthered his capabilities as a teacher by spending significant amounts of time living off-the-grid to fully develop his understandings of the natural world. DreamingBear’s efforts have yielded powerful results as he has traveled the world sharing his spoken word alchemy as a tool for catalyzing new consciousness, & rearticulating latent potential into language for the emerging paradigms.

In an interview, among many other topics, DreamingBear can discuss:

- * How we can infuse creativity into our lives as a tool to transform and heal
- * What nature has to teach us about our unleashing our latent potential
- * Ways to cultivate our dreams as a tool for exploration & manifestation
- * The power of elevated language to create and reshape new world paradigms

DreamingBear is available for interviews and events world wide. I think you will find DreamingBear’s work unique, inspirational, and relevant to a broader discussion on transformation through inspiration & play. Thank you for your time and consideration.

Aloha,
Baraka, Publicity Director

A Note from Harold Bloomfield, M.D., author of nineteen books including The New York Times best-seller "How to Survive the Loss of a Love."

It is my great joy to introduce you to DreamingBear Baraka Kanaan. A true spoken word genius, DreamingBear is this generation's poet laureate of the heart.

DreamingBear is a master of metaphor; "each molecule-mantra" tenderly kissing the soul's "supernova of senses." When you hear his words, be prepared to be awakened and transported to the "naked tenderness of truth" and the laughter and playfulness of "holy amorous mischief."

DreamingBear's spiritual DNA is powerful, his ancestry illustrates a similar lineage with some of the worlds most profound poets: Gibran, Rumi, and Hafiz.

Reminiscent of these poetic greats, DreamingBear's understanding of science and spirit as well as his deep attunement to the whispers of nature allow you to see yourself as Lover and Beloved, in universal Oneness.

Through his words we become enlightened, separation becomes an illusion, and a spiritual awakening unfolds. Our layers of identity, stories, victories, and laments to the Self that transcend personality disappear and we discover our ultimate identity that is everyone and everything. Far from a state of self-delusion or escapism, this awakening represents the ultimate development of the most valuable qualities of human life: kindness, compassion, freedom, intelligence, and creativity.

Under DreamingBear's love spell, you will be ravished by "subatomic particles having a party" and will be moved to "undress your soul inside our heart's hallway." Together with DreamingBear we can end the emotional ignorance of the past and learn to treat each other and ourselves with greater dignity and understanding. His work deserves a wide and universal audience of not only poetry lovers, but also of life lovers everywhere. His vision is fully worthy of our cosmic status as spiritual beings in human form. DreamingBear will most certainly uplift the human race into human grace, where we can live "the light of a billion suns" and "surrender everything to love" for "tonight we dance!"

"DreamingBear is the best conscious poet on the planet. His love spells magically open the heart!" ~Mark Victor Hansen, co-creator, Chicken Soup for the Soul

Artist Bio

DreamingBear Baraka Kanaan is an internationally renowned award-winning author of eight books, transformational spoken word artist, and eco-peace advocate who elegantly blends quantum understandings of the universe with inner expressions of the heart. He is the founder of The Loveevolution Foundation, a non-profit organization dedicated to empowering personal and universal transformation through 'edutainment' (making learning fun) & universal inspiration.

"I have devoted my life's artistry to cultivating a living language of love spells for the new paradigms that captivate the senses and tickle the heart into a new consciousness that is playful, intelligent, romantic, compassionate, and full of discovery re-enchantment & laughter."

The foundation for DreamingBear's work as a transformational spoken word artist is deeply attuned to the natural world. His work was further defined by a year spent living in the wilderness, alone and without all the conveniences a modern life provides. While in a deep communion with nature he began to take his artistry to a new level and developed many of the works that have proven to be inspiring to so many. Upon recognizing a great need for humanity to converge more deeply with the natural world, DreamingBear went on to spend many years of his life living off the grid making nature his canvas of choice as he sought to create new paradigm languages to inspire a higher level of consciousness.

DreamingBear has traveled the world extensively, sharing his message of unconditional love and fulfillment of personal potential with audiences as diverse as international dignitaries, corporate groups, and third world refugees. DreamingBear holds a master's degree in communications, is completing his second MA in Native American philosophies, and is the author of Wild Love: Kissed Into Consciousness in addition to two spoken word CD's. DreamingBear is a frequent guest in the media & a former college professor, now an acclaimed keynote speaker conducting seminars, interactive playshops, and inspired gatherings worldwide.

Praise

"DreamingBear is the best conscious poet on the planet, his love spells magically open the heart!" ~ **Mark Victor Hansen**

"DreamingBear is an alchemical inciter of tenderness who is dropping quark-sized Love-bombs in such quantities that the country is on red-alert! He is a master word-smith delivering his fervent message with extraordinary verbal dexterity and relevance. He's a nomadic bard, a hip mystic and modern-language Sufic style philosopher-poet all rolled into the best stand-up monologist to hit the scene as long as I can remember! He draws his audiences in using language laced with erotically nuanced temptations that morph into personalized challenges to de-evolve the socialized bounds of our ego and re-evolve from the place of infinite possibilities into the person you've always known you could be but never had the courage to really, really let loose. He sets "poetically timed detonations of ego-destroying devices" as he animates the room with his physicality and entrances his participants with pregnant poetic prose made of liquid Love that explodes like dynamism in the hearts of those around him. He's heading the new Lovelution; and he is at large! If you'd like to experience a living combination of Spaulding Gray, Rumi, Jack Kerouac, Robin Williams, Shel Silverstien, Michael Talbot and Thich Nhat Hanh- you owe it to yourself to see Dreaming Bear." **Frank Marino**
~Elevate Films~

"Dreaming Bear's presentation of Wild Love: Kissed Into Consciousness, brought starlight into the eyes and hearts of everyone present. His sincerity shines as brightly as his poetic brilliance, inspiring all to rise in love."

~ **Jo Carey, Events Coordinator, Bodhi Tree Bookstore**

"DreamingBear is the Heart's Poet Laureate. When you feast at his evocative cornucopia your soul will be nourished by deep wisdom & enlightenment. DreamingBear channels love's true genius & is the reincarnation of Kahlil Gibran. I believe he deserves a large global audience." ~**Harold Bloomfield, M.D., author of nineteen books including the New York Times best-seller "How to Survive the Loss of a Love"**

"DreamingBear's conscious transmission was one of the most positive surprises I've ever had from a guest presenter. He literally lifted the frequency of the church into joy and gratitude with humor and divine love. I have to say the synchronicity of his arrival occurring the night after I had the most powerful life-altering dream of my life leaves me in a state of awe toward the Great Mystery. I highly recommend

Dreaming Bear's work and presence to those who are awakening from the dream of limitation." **Rev. Mark Pope Unity of Sedona**

"When I had a chance to invite DreamingBear to speak at Unity of Kauai, I was delighted at the surprise I was going to deliver to my congregation. The surprise was mine, though, when my membership asked for several encores and then proceeded to follow him to the rest of his engagements on Kauai. In my 3 years here, I have never seen such a reaction."~ **Rev. Jasmine Schaeffer, Minister, Unity of Kauai**

"DreamingBear is the Shakespeare of Quantum Physics, cleverly articulating new science of the heart transmissions that unite universal mysteries with common human understandings." ~**Harriet Witt, Astronomer**

"DreamingBear is one in seven billion. His spoken word expressions are truly divine and have the power to inspire the planet to its greatest potential."
~ **Meenakshi Angel Honig, Integral Yoga Instructor, The Grand Wailea Resort and Spa, and creator of "Yoga Feels Good", an internationally acclaimed instructional yoga DVD**

"DreamingBear is a true evolutionary agent, awakening people with the beauty and power of the spoken word. As Minister of the Temple of YES I have experienced his words and music touch people hearts...and their dreams. If you ever have a chance to share in this Brother's presence, please say YES to an opportunity for communion you'll never forget!" ~**Rev Angela Blessing, Temple of YES, Santa Cruz Chapter**

"Interviewing DreamingBear on my TV show was the beginning of being deeply touched by him as a human being and as a poet. I'm grateful that he's on the planet and part of my life." ~**Steven Freid, Host: "Life on Maui with Steven Freid"**

"DreamingBear, your example and heart-hugs have brought me to the quiet comforts within. Confusion turns to Clarity, and fear dissolves into Peace in your presence, such is the nurturing gift of family, true family that sees who I am and trusts that only love can unfold here. Thank you for being such a catalyst for my own emerging to life most fully." ~**Claire Kellerman, The Maui Permaculture Network**

“The first time I heard DreamingBear's voice on the radio, I was mesmerized by his poetry about stars and galaxies. His thoughtful and wise words took me on a spiritual journey through the Milky Way, and as an astronomer, I was ignited by his poems. So I invited DreamingBear to be a guest speaker for the Maui Astronomy Club. What an incredible night! Everyone had a fantastic experience.

DreamingBear's poetry and life stories were so moving and passionate. It was as if he were an ambassador to the stars— interpreting their messages and converting their light into magical spells. The Maui Astronomy Club cannot wait to have DreamingBear join us again.” ~ **Becky Sydney, President, Maui Astronomy Club**

“DreamingBear's inspiring life story is one in a million, his response to it even more rare, and his loving heart one of the great treasures that life has bestowed upon me. I would encourage anyone who finds themselves at this spot, on his website, for whatever reason they got there, to make sure that you don't miss the opportunity to listen to him, watch and feel him as he flows his poetry.”
